CCTV Data Sheet

Dome cameras are easily mounted on the surface of walls or ceilings, elegantly integrated in the environment. Possess a high-performance sensor 1/4" CMOS 720P, 3.6mm fixed lens to view angle up to 60 degrees and a resolution of 1 megapixel. The improved image quality, true color reproduction and high reliability make these dome cameras an excellent choice for indoor use in homes, shops, casinos, museums, malls, banks and hotel lobbies.
